

15TH ANNUAL  
**The Collective Soul  
Symposium**

---

Living the Integration of Spiritual Care  
and Creating Healing Environments  
in Our Daily Clinical Practice

**April 10-11, 2026** | Virtual

THE UNIVERSITY OF TEXAS  
**MDAnderson  
Cancer Center**

Making Cancer History®

**ISH** Institute  
for Spirituality  
and Health  
AT THE TEXAS MEDICAL CENTER

## **INTRODUCTION**

Spirituality and religiosity are recognized as factors that contribute to the quality of life and coping strategies in many people facing life-threatening illnesses. These life-threatening events can also give rise to spiritual distress. When combined with chronic or acute pain and other physical and psychological symptoms, spiritual distress can be a component of a patient's total suffering which the palliative care team (The Collective Soul) seeks to alleviate, enhancing the human spirit and creating a healing environment in the middle of distressful situations. The purpose of this course is to provide a better understanding of the Clinical Care Team's role in enhancing the Human spirit and relieving a patient's bio-psychosocial and spiritual suffering.

Attention to spirituality and addressing spiritual or religious needs is an essential component of person-centered care and may ameliorate suffering and console patients as they try to find life's meaning and purpose. Spiritual care is a key component of compassionate, dignified, and holistic care of patients and families struggling with advanced illnesses that we All are called to provide.

## **DESCRIPTION**

The purpose of this educational event is to provide to community-based, hospital, chaplains, ministers and Clinical Healthcare professionals with skills for a better understanding of the role of the Palliative Care Team (The Collective Soul) and the Integration of Spiritual Care while caring patients living with Serious Illnesses and their caregivers; embracing the human spirit of those in suffering and creating healing environments for them and ourselves.

Attendees at this conference will learn the principles of Palliative Care and Hospice, state-of-the-art physical, emotional, and spiritual symptom management, effective communication with patients and families at the end of life, and the integration of spiritual care into Clinical Care practice.

## **OBJECTIVES OF THE SYMPOSIUM:**

1. Explain the importance and role of the interdisciplinary team in palliative care and hospice settings, focusing on the care of patients with advanced illnesses and their families in a multicultural context.
2. Describe the principles for managing various distressing physical symptoms in patients with advanced illnesses.
3. Analyze principles for managing distressing emotional and spiritual symptoms in patients with advanced illnesses and their families.

## **EDUCATIONAL GOALS:**

- Describe the importance of integrating Spiritual Care in our daily clinical practice. Creating healing environments in our daily interactions with our patients and their families/caregivers.
- Describe the importance and the role of the Interdisciplinary Team in the General Clinical and Palliative Care and Hospice settings in the care of patients with serious illnesses and their families in a multicultural environment.

- Describe the principles of management of different distressing Physical symptoms of patients with advanced illnesses.
- Describe the principles of management of Distressing Emotional and Spiritual symptoms in patients with advanced illnesses and their families.

## **AUDIENCE**

This important educational event is aimed at physicians, chaplains, ministers, clergy, spiritual care counselors, nurses, social workers, psychologists, and other healthcare professionals delivering clinical and spiritual care in the community and healthcare facilities.

Certificates for Attendance: CMEs, CNEs, CEUs, and Ethics credits will be provided.

## **EVALUATION/CERTIFICATES**

An online course evaluation tool will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics. Certificates provided upon completion of symposium evaluation.

## **ACCREDITATION/CREDIT STATEMENT**

In support of improving patient care, The University of Texas MD Anderson Cancer Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

## **CREDIT DESIGNATION**

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 13.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 13.75 credit(s) of education in medical ethics and/or professional responsibility.

The University of Texas MD Anderson Cancer Center designates this live activity will award 13.75 Nursing Contact Hour(s).

The University of Texas MD Anderson (CEU Provider #4607) is an approved continuing education provider for Social Workers through the Texas State Board of Social Worker Examiners. This activity has been approved for 13.75 continuing education units.
