

24th Supportive & Palliative Care Clinical and Research Symposium

9/24/2021 8:00:00 AM to 9/25/2021 4:30:00 PM

MD Anderson – Virtual Symposium

Target Audience:

Specialties: Clinical Research, General Oncology, Hospice/Palliative Care, Other

Description:

This activity will address advanced supportive/palliative care topics. Professionals can expect an improvement of knowledge which includes the latest state of the art advances in the field of palliative/ supportive care to support best and effective practices of supportive/palliative care medicine.

Learner Objectives:

- 1 Provide effective communication with patients in the advanced stages of cancer or debilitating disease and provide quality end-of-life care.
- 2 Identify and interpret the moral and ethical dilemmas encountered in palliative care, incorporating supportive care strategies to improve patient care.
- 3 Practice state of the art pain and symptom management for patients with advanced disease.
- 4 Apply palliative care principals to life threatening disease in populations not limited to cancer patients.

Nursing Objectives:

- 1 Learners will gain knowledge and articulate
- 2 best practices that includes the latest state of the art advances in palliative and supportive care.
