

Spinal Cord Ependymoma: Neurological Impact on quality of life

(presenting author) Laurel Westcarth NP: I am Nurse Practitioner in the Department of Neurosurgery at MD Anderson Cancer, Center, Houston, Texas. I graduated from the University of South Florida in Tampa, Florida with Masters of Science Degree with a concentration in Adult Health. I have worked in Neuro-Oncology for over 10 years and I currently work in Neurosurgery. I do have a passion for working with patients with brain and spine tumors. My current focus is working with patients with spine tumors.
