INTRODUCTION

The **2026 Cancer Neuroscience Symposium** is more than an event—it's a movement bringing together scientists, clinicians, and innovators from around the world. This **premier hybrid experience** makes it easy for everyone to be part of the conversation whether you are in person presenting groundbreaking research, networking, speaking on stage, or even tuning in virtually.

YOUR VOICE MATTERS!

Use this **social media toolkit** to share your excitement, spotlight your work, and help raise awareness about the growing field of **cancer neuroscience**. Every post helps amplify our collective impact and showcases the power of collaboration across disciplines.

We encourage you to connect with us to stay informed. You can follow MD Anderson Cancer Center and Wiley's Advanced Portfolio on the following sites for the latest updates:

ENGAGE & SHARE WITH THE CANCER NEUROSCIENCE COMMUNITY AROUND THE WORLD

Share your participation and engage with the community! Here are a few simple steps to help you get started:

1. **Copy and share:** Use the sample posts provided in this kit or customize them to reflect your own voice and perspective.
2. **Use the official hashtag:** Add **#CancerNeuro26** to all your related posts. This will connect your content to the wider symposium conversation and increase its visibility.
Other Hashtags: **#CancerNeuroscience** **#CancerResearch** **#EndCancer**
3. **Engage with our channels:** Follow the [MD Anderson Cancer Center](#) and [Wiley's Advanced Portfolio](#) on social media accounts and share their content to amplify the symposium's reach
