Presented by  
Deborah A. Holman, MSN, WHNP-BC, Laurie Mckenzie, MD  
Thursday, 12/1/2022 7:00:00 AM - 12/1/2022 8:00:00 AM  
Virtual

### Target Audience:

Specialties: General Oncology, Other  
Professions: RN/APRN, Other

### Description:

The MD Anderson Cancer Network Nursing Education Series is designed for oncology nurses within the Partner and Certified Member program and provides evidence-based oncology content. This learning activity will include information on fertility in cancer patients, including infertility incidence, risks, fertility preservation treatment options and barriers, and best practices in patient counseling, documentation, and referral. The activity will also discuss the relationship between oncology and reproductive medicine to expand reproductive options for those affected by cancer.

### Nursing Objectives:

1 Articulate one concept learned related to best practices in fertility management for those affected by cancer.

### Accreditation:

The University of Texas MD Anderson Cancer Center is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

### Credit Designation:

The University of Texas MD Anderson Cancer Center designates this live activity will award 1.00 Nursing Continuing Professional Development (NCPD) credits

### Commercial Support:

No commercial support has been received for this activity.

The University of Texas MD Anderson Cancer Center adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all financial relationships with ineligible entities (commercial interests).
