# Updates in Hospice and Palliative Medicine and Intensive Physician Board Review Course

## Goal

Caring for the cancer patient in the advanced stages of disease is particularly challenging to the healthcare team. It requires attending to the many dimensions of care including medical, psychosocial, ethical, and spiritual needs. In its 18th year, the Updates in Hospice and Palliative Medicine and Intensive Physician Board Review Course will continue to offer physicians and healthcare professionals educational updates and literature review to help them successfully take the ABIM exam.

Physicians, fellows and advanced nurse practitioners will gain the knowledge and competence pertaining to symptom and pain management, issues facing patients at end-of-life, and effective communication techniques to implement into clinical practice.

## Educational Objectives

After attending the conference, participants should be able to:

- Interpret spiritual, legal and medical issues facing patients at end-of-life;
- Provide optimal end-of-life care including symptom management, psychosocial support and state-of-the-art pain management;
- Demonstrate effective communication techniques with patients in the advanced stages of cancer or debilitating disease and provide quality end-of-life care; and
- Identify non-cancer conditions needing palliative care.

## Target Audience

This activity is targeted to physicians and fellows as a board review course for the Hospice and Palliative Medicine Board Certification, though some Advanced Practice Nurses may find the information beneficial.

## Educational Methods

Internet Live Course • Lectures/Didactic  
• Audience Polling • Question/Answer Sessions

## Evaluation

An online course evaluation tool will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

## Accreditation/Credit Designation

### Physicians

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for

physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 25.75 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Ethics

The sessions marked with "\*" have been designated by The University of Texas MD Anderson Cancer Center for 11.00 *AMA PRA Category 1 Credits*<sup>™</sup> in medical ethics and/or professional responsibility.

## American Board of Internal Medicine (ABIM) Maintenance of Certification (MOC Part 2)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 25.75 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

In order to receive MOC points, you must pass the post-test with a score of 70% or higher.

# 25th Supportive & Palliative Care

## Clinical and Research Symposium

### Goal

Palliative and Supportive cancer care is evolving to an important specialty to deliver optimal quality value-based care to cancer patients. Many clinicians are unaware of the need for whole-patient care and attention to symptom management as well as quality of life improvements outside treatment of the primary disease. While cancer therapies are indeed crucial, the evolution of non-traditional health care settings places increasing emphasis on supportive care methods to improve quality of life for patients with advanced disease.

Caring for the cancer patient in the advanced stages of disease is particularly challenging to the healthcare team. It requires attending to the many dimensions of care including medical, psychosocial, ethical, and spiritual needs. In its 25th year, the Symposium on Supportive & Palliative Care continues to offer participants educational updates to help them successfully implement new techniques and treatments in clinical practice to improve patient care and outcomes.

As a result of the participation in the Symposium, the Symposium organizing committee intends the participants to: Identify the moral and ethical dilemmas facing clinicians who provide end-of-life care; Practice state-of-the-art pain and symptom management for patients with advanced disease; Demonstrate effective communication with patients in advanced stages of cancer or debilitating disease and provide quality end-of-life care; and exhibit heightened awareness of medical, legal and spiritual issues facing patients and families involved in the care of advanced disease.

### Educational Objectives

After attending the conference, learners should be able to:

- Provide effective communication with patients in the advanced stages of cancer or debilitating disease and provide quality end-of-life care;
- Identify and interpret the moral and ethical dilemmas encountered in palliative care, incorporating supportive care strategies to improve patient care;
- Practice state-of-the-art pain and symptom management for patients with advanced disease;
- Apply palliative care principals to life threatening disease in populations not limited to cancer patients.

### Target Audience

This program should be of interest to palliative care or hospice physicians, oncologists, internal medicine physicians, family practice physicians, psychiatrists, and/or anesthesiologists. Other professionals include hospice, nursing, psychology, chaplaincy, ethics, and/or sociology.

### Educational Methods

Internet Live Course • Lectures/Didactic  
• Workshop Sessions • Virtual Poster Session

### Evaluation

A course evaluation tool will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial

bias in the presentations as well as to identify future educational topics.

### Accreditation/Credit Designation

#### Physicians

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 15.25 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### Ethics

This live activity has been designated by The University of Texas MD Anderson Cancer Center for 15.25 *AMA PRA Category 1 Credits*<sup>™</sup> in medical ethics and/or professional responsibility.

#### Nursing

The University of Texas MD Anderson Cancer Center is accredited with distinction as a provider of Nursing Continuing Professional Development by The American Nurses Credentialing Center's Commission on Accreditation.

The University of Texas MD Anderson Cancer Center designates this live activity will award 15.00 Nursing Continuing Professional Development (NCPD) contact hours.
