The 2022 Innovations in Health Science Education Annual Conference

- Virtual Conference -

Conference Chair: Khaled M. Elsayes, MD

Organizing Committee Chair: Bridgett Piernik-Yoder, PhD, OTR

The University of Texas

Kenneth I. Shine, M.D.,
Academy of Health Science Education

An annual "Innovations in Health Science Education" conference is sponsored by the six health science campuses within the The University of Texas System. Each meeting includes nationally recognized invited speakers together with local participants. Although organized and sponsored by The University of Texas System, all those interested in health science education are invited to attend.

Target Audience

This course will be of interest to all nurses, physicians, students, allied healthcare professionals and others interested in health science education.

Learner Objectives

At the conclusion of this activity, learners will be able to:

1. Promote teaching and learning excellence in health science education by providing conference plenary and concurrent sessions that highlight best practices and contemporary educational challenges and solutions;
2. Support networking of diverse and multidisciplinary health science educators through interaction across the conference activities; and
3. Recognize health science education innovations and excellence in health science education through distinction of awarding competitive project grants and awards.
