

Scientific Poster Session

Submit your abstract now for the Advanced Imaging Symposium.

Deadline to submit: August 22, 2023. Abstracts must be uploaded in PDF format and should be no more than one page.

Overview

This poster session is designed to give presenters an opportunity to informally discuss their research with colleagues and attendees. The purpose of the posters is to visually stimulate interest in the research; to convey the methods, results, and significance of the research; and to promote conversations and networking among conference participants.

Presentation Format

Poster Presentation

Selected abstracts will be on display with scheduled viewing periods throughout the day. Presenting authors should be available during the viewing periods to interact with and answer questions from attendees.

Poster Specifications

When creating your poster, please be aware of the following guidelines:

- Size: 42 inches x 42 inches (107 cm by 107 cm) - Square. This size specification must be strictly adhered to in preparation of your posters. Posters that exceed this size limit will not be displayed.
- Material: The poster can be printed on one (1) sheet (rollup) or PolyFabric. Please DO NOT mount illustrations on heavy cardboard because they may be difficult to keep in position on the poster board.
- Formatting Requirements:
 - Font: Arial, size 11
 - Length: <300 words in the body of the abstracts
 - Sections: Separate abstract into the below general categories and bold subheadings:
 1. Background
 2. Aims, Objective or Purpose
 3. Methods
 4. Results
 5. Conclusions/Implications

Review Process & Selection Criteria

Abstracts will be reviewed by the Faculty Organizing Committee. Abstracts will be evaluated based on alignment with the conference objectives, presentation, innovation, and scientific merit.
